# China Cheap price Ceiling T Bar T Grid Roll Forming Machine - 100% Original Roll Forming Manufacturing Metal Ceramic Wall Sheet Glazed Roofing Panel Tile Making Machine - Haixing Industrial

Together with the "Client-Oriented" company philosophy, a rigorous high-quality regulate program, sophisticated producing gear and a solid R&D staff, we constantly deliver premium quality solutions, superb products and services and aggressive price ranges for 100% Original Roll Forming Manufacturing Metal Ceramic Wall Sheet Glazed Roofing Panel Tile Making Machine, We now have developed a responsible name amongst many customers. Quality&customer very first are usually our constant pursuit. We spare no endeavours to help make much better solutions. Look forward to long-term cooperation and mutual advantages!

Together with the "Client-Oriented" company philosophy, a rigorous high-quality regulate program, sophisticated producing gear and a solid R&D staff, we constantly deliver premium quality solutions, superb products and services and aggressive price ranges for [Ceramic Tile Machine](#), [Ceramic Tile Making Machine](#), [Ceramic Wall Tile Making Machine](#), We give the great variety of solutions in this area. Besides, customized orders are also available. What's more, you will enjoy our excellent services. In one word, your satisfaction is guaranteed. Welcome to visit our company! For more information, remember to come to our website.If any further inquiries, make sure you feel free to contact us.

Parameters of corrugated automatic roof tile machine

1	Main motor power	4kW, 3-phase or as your requests
2	Hydraulic motor power	3kW
3	Hydraulic pressure	10-12MPa
4	Voltage	380V/3-phase/50Hz (or as your requirements)
5	Control system	PLC delta inverter
6	Mainframe	300/350mm H-beam or 350mm
7	Backboard thickness	16mm
8	Chain size	1 Inch
9	Feeding material	color steel coils
10	Feeding thickness	0.3-0.8mm
11	Feeding width	1000mm
12	Effective width	850mm
13	Productivity	0-15/min
14	Roll station	13 roll steps (according to different design)
15	Roller diameter	70mm (depends on different design)
16	Roller material	45# steel
17	Cutter material	Cr12
18	Cr-plating size	0.05mm
19	Overall size	6800*1400*1150mm
20	Total weight	4.8 tons

The above are some of the parameters, more detailed parameters can be obtained by contacting us, some of which can be customized according to customer needs.

Detail of machine:

---

Packaging Details :

1. Machine is covered by plastic film.
2. PLC control box, spare parts and other small parts are packed by wooden carton box.
