## Massive Selection for Metal Corrugated Roof Tile Sheet Making Roll Forming Machine

Our goal will be to offer premium quality items at competitive price ranges, and top-notch support to consumers around the planet. We are ISO9001, CE, and GS certified and strictly adhere to their high quality specifications for Massive Selection for Metal Corrugated Roof Tile Sheet Making Roll Forming Machine, We sincerely welcome overseas consumers to consult for your long-term cooperation as well as the mutual advancement. We strongly think that we will do superior and far better.

Our goal will be to offer premium quality items at competitive price ranges, and top-notch support to consumers around the planet. We are ISO9001, CE, and GS certified and strictly adhere to their high quality specifications for [Corrugated Sheet Roll Forming Tile Machine](#), [Metal Corrugated Roof Tile Making Machine](#), [Roof Tile Making Machine](#), We always insist on the management tenet of "Quality is first, Technology is basis, Honesty and Innovation". We're able to develop new items continuously to a higher level to satisfy different needs of customers.

Parameters of corrugated automatic roof tile machine

1	Main motor power	4kW, 3-phase or as your requests
2	Hydraulic motor power	3kW
3	Hydraulic pressure	10-12MPa
4	Voltage	380V/3-phase/50Hz (or as your requirements)
5	Control system	PLC delta inverter
6	Mainframe	300/350mm H-beam or 350mm
7	Backboard thickness	16mm
8	Chain size	1 Inch
9	Feeding material	color steel coils
10	Feeding thickness	0.3-0.8mm
11	Feeding width	1000mm
12	Effective width	850mm
13	Productivity	0-15/min
14	Roll station	13 roll steps (according to different design)
15	Roller diameter	70mm (depends on different design)
16	Roller material	45# steel
17	Cutter material	Cr12
18	Cr-plating size	0.05mm
19	Overall size	6800*1400*1150mm
20	Total weight	4.8 tons

The above are some of the parameters, more detailed parameters can be obtained by contacting us, some of which can be customized according to customer needs.

Detail of machine:

---

Packaging Details :

1. Machine is covered by plastic film.
2. PLC control box, spare parts and other small parts are packed by wooden carton box.
