

Lowest Price for Speed Metal Sheet Floor Decking Tile Panel Cold Roll Forming Making Machine

owing to very good company, a variety of top of the range merchandise, competitive charges and efficient delivery, we take pleasure in a very good track record amongst our clients. We've been an energetic organization with wide market for Lowest Price for Speed Metal Sheet Floor Decking Tile Panel Cold Roll Forming Making Machine, Welcome to post your sample and color ring to let us produce according to your specification. Welcome your inquiry! Looking forward to building long-term cooperation with you!

owing to very good company, a variety of top of the range merchandise, competitive charges and efficient delivery, we take pleasure in a very good track record amongst our clients. We've been an energetic organization with wide market for [Cold Roll Forming](#), [Floor Tile Making Machine](#), [Metal Sheet Forming Machine](#), Now the competition in this field is very fierce; but we'll still offer best quality, reasonable price and most considerate service in an endeavor to achieve win-win goal. "Change for the better!" is our slogan, which means "A better world is before us, so let's enjoy it!" Change for the better! Are you ready?

The metal floor deck formed by Cnc Floor Deck Roll Forming Machine has strong strength with high pitches.

The advantages of Cnc Floor Deck Roll Forming Machine

1. Our machines can uses galvanized steel sheet, colored armor plate or aluminum plate as the material plate.
2. Controlling by computer, PLC display, operation is easy, running is steady and reliable, enduring, maintenance-free.
3. We can make and design will kinds of roll forming machine according to customer's request.

Sales Service:

1. we provide technical support for the whole life of our machines.
2. If buyers need the technician to go abroad, we will arrange the technician, but the buyers should take all the cost, including visa, roundtrip ticket, etc.

The main technical parameters of Cnc Floor Deck Roll Forming Machine

	Main Frame	welded with 450H steel
	Middle plate	18mm
Forming machine guide feeding frame form	side roller type	
Forming machine form	wall plate chain drive	
Shaft diameter	□ 95 mm	
Chain size	1.5 inches (Brand "Zhenghe" Imported Japan sprocket)	
Roll forming machine motor power	2-15KW (Brand Siemens)	
Roll forming speed	8-12m/min	
Rollers number	27Rows	
Rolling material	high grade 45# forging steel with chromium plate	
Hard chrome plating on the roll	0.03mm	

surface	
Hydraulic pump motor	4KW (Lichao, Shanghai)
Hydraulic station oil pump	gear pump
Cutting method	connecting rod three-knife hydraulic cutting
The material of the cutting blade	Cr12
Cutting blade heat treatment	quenched treatment 58°C-62°C
Rolling raw materials thickness	0.7-1.2mm
Length Tolerance	± 2mm
Electric control box configuration	inverter (anchuan), PLC (Panasonic), encoder (OMRON), Other electrical components are "Schneider" brand

Cnc Floor Deck Roll Forming Machine workflow

Deck Floor Plate Forming Machine details
