
High Quality Galvanized Steel Roofing Panel Sheet Electric Shear Ibr Trapezoidal Roll Forming Making Machine With Speed

Adhering towards the theory of "quality, support, efficiency and growth", we've attained trusts and praises from domestic and international client for High Quality Galvanized Steel Roofing Panel Sheet Electric Shear Ibr Trapezoidal Roll Forming Making Machine With Speed, We are going to do our greatest to meet or exceed customers' specifications with top quality solutions, advanced concept, and efficient and timely provider. We welcome all prospects.

Adhering towards the theory of "quality, support, efficiency and growth", we've attained trusts and praises from domestic and international client for [Galvanized Steel Rollers Machine](#), [Trapezoidal Roofsheets Metal Rollers Machine](#), [Trapezoidal Trapezoidal Roofsheets Machine](#), We've been adhering to the philosophy of "attracting customers with the best products and excellent service". We welcome customers, business associations and friends from all parts of the world to contact us and seek cooperation for mutual benefits.

The trapezoidal tile double roll forming machine adopts high-level automatic control software to realize production information management.

Parameters of double layer roll forming machine

1	Main motor power	4kW, 3-phase or as your requests
2	Hydraulic motor power	3kW
3	Hydraulic pressure	10-12MPa
4	Voltage	380V/3-phase/50Hz (or as your requirements)
5	Control system	PLC delta inverter
6	Mainframe	300/350mm H-beam or 350mm
7	Backboard thickness	16mm
8	Chain size	1 Inch
9	Feeding material	color steel coils
10	Feeding thickness	0.3-0.8mm
11	Feeding width	1000mm
12	Effective width	840mm, 850mm
13	Productivity	0-15/min
14	Roll station	13 roll steps (according to different design)
15	Roller diameter	70mm (depends on different design)
16	Roller material	45# steel
17	Cutter material	Cr12
18	Cr-plating size	0.05mm
19	Overall size	6800*1400*1150mm
20	Total weight	4.8 tons

Components of double layer corrugated roof sheet making machine

No.	Name	Unit	Quantity
1	Manual decoiler	Set	1
2	Main forming machine	Set	1
3	PLC control system	Set	1
4	Hydraulic pump station	Set	1
5	Post cut	Set	1
6	Electric motor	Set	1
7	Output table	Set	1

Terms:

1. Delivery: within 60 days after receiving the deposit.
2. Package: export standard package for container.
3. Payment: TT (30% by TT in advance, 70% by TT after inspect the machine before delivery).

Our company owned professional design team, we can design different profile according customer's demands.

FAQ

Q:Are you a manufacturer?

A:Yes absolutely. Welcome a lot for your visiting to us.

Q:What's the delivery time?

A: Normally will take 60 days, for small lines will take 30 days.

Q:Do you have after-sale support?

A:Yes, we're always here for giving you advice and support for technical details since we have senior technician.
