
High Quality 25/38-220-530 Portable Standing Seam Metal Roof Panel Roll Forming Machine

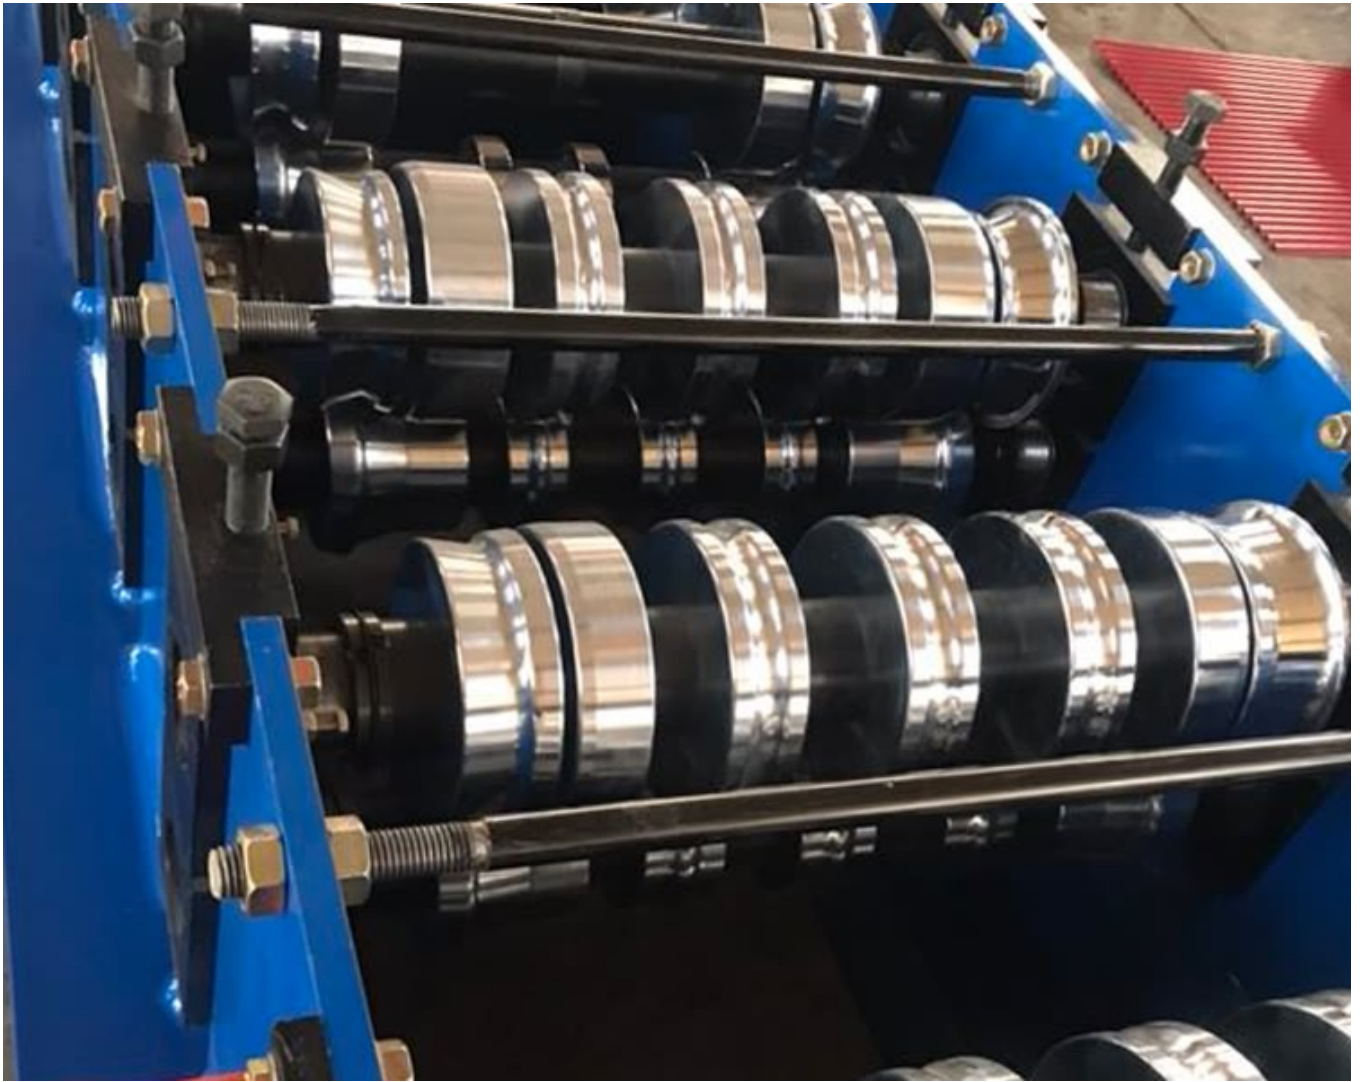

In order to give you convenience and enlarge our business, we also have inspectors in QC Team and assure you our best service and product for High Quality 25/38-220-530 Portable Standing Seam Metal Roof Panel Roll Forming Machine, For further queries or should you have any question regarding our solutions, you should usually do not wait to speak to us.

In order to give you convenience and enlarge our business, we also have inspectors in QC Team and assure you our best service and product for [Metal Roof Panel Roll Forming Machine](#), [Roofing Tile Roll Forming Machine](#), [Standing Seam Roof Panel Roll Forming Machine](#), There are advanced producing & processing equipment and skilled workers to ensure the products with high quality. We have found an excellent before-sale, sale, after-sale service to ensure the customers that could rest assured to make orders. Until now our products are now moving on fast and very popular in South America, East Asia, the Middle east, Africa, etc.

Standing seam metal roof machine is the special equipment for continuous rolling and cold forming on steel sheet.

standing seam metal roof machine parameters		
1	Thickness	0.3-0.8mm
2	Coli material	GI
3	The bearing capacity of manual decoiler	6.5 tons
4	shaft material	45#steel
5	Out diameter	Customized
6	numbers of forming steps	Customized
7	transmission	chain transmission
8	Forming speed	8-12m/min
9	main motor power	3kw
10	voltage	380V50HZ Three-phase or as required
11	dimension	7*1.3*1.3
12	cutting	hydraulic cutting
13	blade material	Cr12 steel with quenched treated 60°C-62°C
14	control system	PLC(Delta)
15	length tolerance	±1mm
