
China OEM Metal Roofing Galvanized Aluminum Corrugated Steel Sheet Making Machine Colored Steel Wall Roof Panel Cold Roll Forming Machine

We have the most advanced production equipment, experienced and qualified engineers and workers, recognized quality control systems and a friendly professional sales team pre/after-sales support for China OEM Metal Roofing Galvanized Aluminum Corrugated Steel Sheet Making Machine Colored Steel Wall Roof Panel Cold Roll Forming Machine, We are looking forward to establishing long-term business relationships with you. Your comments and suggestions are highly appreciated. We have the most advanced production equipment, experienced and qualified engineers and workers, recognized quality control systems and a friendly professional sales team pre/after-sales support for [Metal Roof Roll Forming Machine](#), [Metal Roofing Corrugated Steel Sheet Roll Forming Machine](#), [Metal Roofing Galvanized Aluminum Corrugated Steel Sheet Making Machine](#), We supply professional service, prompt reply, timely delivery, excellent quality and best price to our customers. Satisfaction and good credit to every customer is our priority. We focus on every detail of order processing for customers till they have received safe and sound products with good logistics service and economical cost. Depending on this, our products are sold very well in the countries in Africa, the Mid-East and Southeast Asia. Adhering to the business philosophy of 'customer first, forge ahead', we sincerely welcome clients from at home and abroad to cooperate with us. The automatic control system of the whole unit of the tile press adopts a highly integrated network to make the performance of the automation system superior.

Parameters of double layer roll forming machine

1	Main motor power	4kW, 3-phase or as your requests
2	Hydraulic motor power	3kW
3	Hydraulic pressure	10-12MPa
4	Voltage	380V/3-phase/50Hz (or as your requirements)
5	Control system	PLC delta inverter
6	Mainframe	300/350mm H-beam or 350mm
7	Backboard thickness	16mm
8	Chain size	1 Inch
9	Feeding material	color steel coils
10	Feeding thickness	0.3-0.8mm

Components of double layer corrugated roof sheet making machine

No.	Name	Unit	Quantity
1	Manual decoiler	Set	1
2	Main forming machine	Set	1
3	PLC control system	Set	1
4	Hydraulic pump station	Set	1
5	Post cut	Set	1
6	Electric motor	Set	1
7	Output table	Set	1

Terms:

1. Delivery: within 60 days after receiving the deposit.
2. Package: export standard package for container.
3. Payment: TT (30% by TT in advance, 70% by TT after inspect the machine before delivery).

Our company owned professional design team, we can design different profile according customer's demands.

Why choose us ?

Professional:

With 10 years' professional manufacturing experience in roll forming machinery;

Professional production line,well -trained workers,strict QC standard.

Haixing Industrial Group Co., Ltd. is the biggest and strongest in north China. Our factory is specialized in manufacturing color steel forming machinery, C&Z purlin machine, glazed tile forming machine, steel structural floor panel roll forming machine, sandwich panel roll forming machine, highway guardrail forming machine and other cold roll forming machines.
