
Factory Outlets Roofing Top Sheet Galvanized Steel Curving Machine Corrugated Glazed Tile Metal Roofing Sheet Making Machine

We persist with our business spirit of "Quality, Effectiveness, Innovation and Integrity". We aim to create a lot more value for our consumers with our wealthy resources, sophisticated machinery, experienced workers and outstanding providers for Factory Outlets Roofing Top Sheet Galvanized Steel Curving Machine Corrugated Glazed Tile Metal Roofing Sheet Making Machine, We are able to customize the merchandise according in your prerequisites and we will pack it in your case when you purchase.

We persist with our business spirit of "Quality, Effectiveness, Innovation and Integrity". We aim to create a lot more value for our consumers with our wealthy resources, sophisticated machinery, experienced workers and outstanding providers for [Steel Sheet Profile Roll Forming Machine](#) [Tile Type Roll Forming Machine](#) [Roofing Sheet Making Machine](#), [Tile Roof Sheet Steel Roof Tiles Cold Roll Forming Machine](#) [Wall Panel Sheet Roll Forming Machine](#) [Curving Roof Machine](#), [Tile Roofing Roll Forming Machine](#) [Wall Sheet Metal Roll Forming Machine](#) [Roof Panel Curving Machine](#), Now we have more than 8 years of experience in this industry and have a good reputation in this field. Our products have won praise from customers worldwide. Our aim is to help customers realize their goals. We are making great efforts to achieve this win-win situation and sincerely welcome you to join us.

hydraulic press steel roof tile making machine Technical Parameters

Style	metal roof panel roll forming machine
Machine dimension (mm)	6500*1500*1200
Total wight (Kg)	3500
Forming steps	13 rows
Forming speed (m/min)	8-12
Hydraulic station power(Kw)	4
Diameter of shaft (mm)	75
Hydraulic pressure(MPa)	18-20
Electric condition	380V/3Phase/ 50HZ
Suitable to process	Color steel plate(G330 or G350)
Decoiler max capacity (Kgs)	10000
Control system	PLC
Raw material thickness (mm)	0.3-0.8
Effective width(mm)	750
Material width(mm)	1000
Main application	tile roof

Our Advantage

1. Our machine motor are GERMAN BRAND SIEMENS;
2. Our roller spacer are 4 mm thick seamless steel pipe;
3. Our output table can be adjust height according customer demands;
4. Our PLC control console can be look around 360 degree;
5. All easy-broken pars can be change within 14 month in free.
