
High Quality for Widely Used Color Steel Metal Roof Ridge Cap Tile Cold Roll Forming Machine Made In

Gaining client pleasure is our company's aim without end. We are going to make excellent efforts to create new and top-quality goods, meet your special requirements and provide you with pre-sale, on-sale and after-sale companies for High Quality for Widely Used Color Steel Metal Roof Ridge Cap Tile Cold Roll Forming Machine Made In, "Change for that improved!" is our slogan, which means "A better globe is before us, so let's take pleasure in it!" Change for the better! Are you all set?

Gaining client pleasure is our company's aim without end. We are going to make excellent efforts to create new and top-quality goods, meet your special requirements and provide you with pre-sale, on-sale and after-sale companies for [Color Steel Metal Roll Forming Machine](#), [Roof Ridge Cap Tile Cold Roll Forming Machine](#), [Tile Cold Roll Forming Machine](#), We'd like to invite customers from abroad to discuss business with us. We can provide our clients with high quality products and excellent service. We are sure that we will have good cooperative relationships and make a brilliant future for both parties.

Our advantages

We are professional! Our factory has extensive experience in product and export processes. We have an ultra-low price advantage! Our factory helps you save money from many details:

- 1, lower labor costs
- 2, convenient transportation
- 3, perfect supporting industry

Our machine is the best machine: PLC uses well-known brands to ensure high precision and easy operation.

Our machines are fully automatic: you only need to enter the length of the steel plate and the required number of pieces, the machine will run automatically.

Colored Steel Roof Tile Roll Forming Machine Technical parameters:

1	Cutting & Hydraulic type	Double guide pillar
2	Hydraulic motor power	3kw or 4kw
3	Hydraulic Pressure	10-12MPa
4	Voltage	380V /3phase/ 50 HZ (or as your requirement)
5	Cutting drive	Decelerating motor + Chain drive gear all by high-frequency
6	Control System	Panasonic /Siemens / Schneider / Delta PLC
7	Length measurement	Encoder
8	Main Frame	300mm/350mm H-Beam or 350mm
9	Backboard Thickness	17mm/200mm
10	Chain Size	1inch/2inch
11	Feeding Material	As your drawing or from our designer
12	Feeding Thickness	0.18mm-0.8mm
13	Effective width	As your drawing or from our designer
14	Productivity	10-15/min
15	Roll Station	From 11 rows (according to different design)

16	Roller Diameter	70mm/75mm (depend on different design)
17	Roller material	45# steel
18	Cutter material	Cr12 mould steel heat-treated hardness of HRC 60-62 degrees
19	Total Weight	3t-12t
20	Package of machine	Waterproofing membrane, standard export packing
Colored Steel Roof Tile Roll Forming Machine technical parameters can be changed, according to customer's need.		

Components of Colored Steel Roof Tile Roll Forming Machine

Manual decoiler—————1 set(5t)

Guiding Platform—————1 set

Coil Strip Leveler—————1 set

Main Machine of Roll Forming——1 set

Hydraulic Station————— -1 set
