## Lowest Price for Rib Glazing Embossing Metal Roofing Panel Roll Bamboo Galvanized Sheet Equipment Making Forming Line Machine

Sticking for the perception of "Creating products of top quality and producing friends with people today from all around the world", we constantly place the desire of shoppers to start with for Lowest Price for Rib Glazing Embossing Metal Roofing Panel Roll Bamboo Galvanized Sheet Equipment Making Forming Line Machine, We'll do our greatest to satisfy your necessities and are sincerely hunting ahead to acquiring mutual advantageous company romance with you!

Sticking for the perception of "Creating products of top quality and producing friends with people today from all around the world", we constantly place the desire of shoppers to start with for [Bamboo Glazed Sheet Equipment Metal Roof Panel Roll Forming Machine](#), [Galvanized Sheet Roofing Forming Line](#), [Rib Glazing Embossing Roofing Sheet Making Machine](#), As a way to use the resource on the expanding info in international trade, we welcome prospects from everywhere on the web and offline. In spite on the high quality items we present, effective and satisfying consultation service is supplied by our qualified after-sale service group. Item lists and thorough parameters and any other info weil be sent for you timely for the inquiries. So be sure to make contact with us by sending us emails or call us when you've got any questions about our organization. ou could also get our address information from our site and come to our enterprise. We get a field survey of our merchandise. We are confident that we are going to share mutual accomplishment and create solid co-operation relations with our companions within this market place. We're seeking forward for your inquiries. Corrugated galvanized roof panel roll forming machine parameters

1	Main motor power	4kW/5.5KW/7.5KW or as actual demands
2	Hydraulic motor power	3kW/4KW.5.5KW or as actual demands
3	Hydraulic pressure	10-12MPa according oil pump and pump motor
4	Voltage	380V/ 3 phase/ 50 Hz (or as your requirements)
5	Control system	Automatic PLC control system
6	Main frame	350H beams/400H beams according machine demands
7	Wall sheet thickness	16mm/18mm/20mm/22mm according machine demands
8	Chain size	1 inch/1.2inch according machine demands
9	Feeding material	Galvanized steel coil/color steel coil/aluminum steel coil
10	Feeding thickness	0.3-0.8 mm
11	Productivity	0 - 25m/min (according machine specification)
12	Roll station	Common 11rolls ro 25rolls (according to different design)
13	Roller diameter	70mm/75mm/80mm (depends on different design)
14	Roller material	45# steel
15	Cutter material	Cr12MOV
16	Cr-plating size	0.05 mm
