## Factory Price For Make To Order Coiling Electrical Slitting Machine

With this motto in mind, we've got develop into amongst one of the most technologically innovative, cost-efficient, and price-competitive manufacturers for Factory Price For Make To Order Coiling Electrical Slitting Machine, Teamwork is encouraged at all levels with regular campaigns. Our research group experiments on various developments inside the industry for improvement in the merchandise.

With this motto in mind, we've got develop into amongst one of the most technologically innovative, cost-efficient, and price-competitive manufacturers for [Coiling Slitting Machine](#), [Electrical Slitting Machine](#), [Slitting Machine](#), The working experience in the field has helped us forged a strong relations with customers and partners both in domestic and international market. For years, our products and solutions have been exported to more than 15 countries in the world and have been widely used by customers.

The Sheet metal electric decoiler is used to hold coil, and uncoil it, and feed into roll forming machine. This machine is powered by electric power. It has a feeding device that can reduce the load on the machine itself.

Decoiler technical parameters		
1	Coil inner diameter	450mm-650mm
2	Maximum width of coiling	1250mm
3	Maximum weight of loading	5tons, 10 tons
4	Motor power	3kW
5	Working speed	0-15m/minute
6	Working press	10MPa
7	Voltage	380V/50Hz, 3 phase
8	Dimensions	3110x1650x1780mm

Features:

1. Types available: electric decoiler.
2. Easy to operate.

Packaging Details :

1. Machine is covered by plastic film.
2. Spare parts and other small parts are packed by wooden carton box.

Terms:

1. Delivery: within 60 days after receiving the deposit
2. Package: export standard package for container
3. Payment: TT (30% by TT in advance, 70% by TT after inspect the machine before delivery)
