## Popular Design for Galvanized Roller Shutter Door Roll Forming Making Machine Hebei

We have probably the most state-of-the-art output equipment, experienced and qualified engineers and workers, recognized good quality manage systems plus a friendly skilled income workforce pre/after-sales support for Popular Design for Galvanized Roller Shutter Door Roll Forming Making Machine Hebei, We stick with offering integration methods for patrons and hope to construct long-term, stable, honest and mutual effective associations with prospects. We sincerely look forward to your visit.

We have probably the most state-of-the-art output equipment, experienced and qualified engineers and workers, recognized good quality manage systems plus a friendly skilled income workforce pre/after-sales support for [Roller Shutters](#), [Rolling Shutter Slats Roll Forming Machine](#), [Used Roller Shutter Roll Forming Machine](#), Our company offers the full range from pre-sales to after-sales service, from product development to audit the use of maintenance, based on strong technical strength, superior product performance, reasonable prices and perfect service, we'll continue to develop, to deliver the high-quality items and services, and promote lasting cooperation with our customers, common development and create a better future.

Machine parameters

### Roller shutter door roll forming machine

1	Materials specification	Aluminum, galvalume, galvanized and pre-painted galvanized steel.
2	Thickness	0.5mm to 1.0mm.
3	Main motor power	4.5kw.
4	Hydraulic station power	3kw.
5	Feeding width	Depends on the model of profile.
6	Yield stress	235Mpa(33KSI) ~ 350Mpa
7	Roll forming speed	12-15 m/minute.
8	Cutting tolerance	+/-2.5mm(length ≤ 5000mm); +/-3.0mm(5000mm)
9	Manual uncoiled
