## Glazed Metal Roof Tile

Color steel tile, also known as color pressure tile, is a pressure-coated plate that adopts color-coated steel plate and is cold-rolled into various wave shapes by rolling.

Glazed Roof Sheet parameters		
1	Model	HX28-207-828
2	Effective width	828mm
3	overall width	905mm
4	Raw material width	1000mm
5	Thickness	0.3-0.7mm
6	Wave height	28mm
7	Wave width	208mm
8	Length	3.6 meter,7.2 meter,8.1meter,etc.
9	Color	White, blue, red, green, yellow, orange, etc. as per RAL card color; zinc color, stainless steel color, aluminum color.
10	Tolerance	Thickness tolerance:±0.02mm;Length tolerance: ±2mm
11	Zinc coated	30--275g/sqm, as requested.
12	Face paint	PE; HDP; SMP; PVDF; Two layers; 20-25µm;
13	Back paint	PE grey white color One layer 5-7um

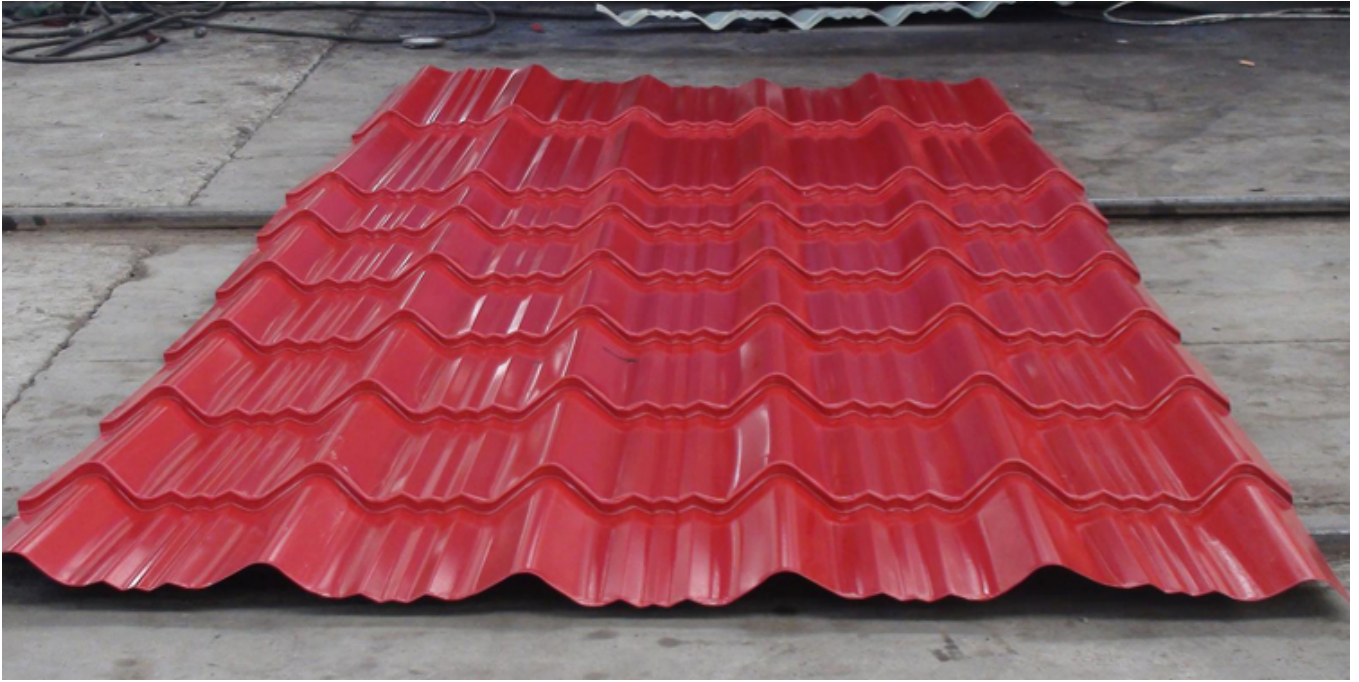

Raw materials

- (1) Hot dipped galvanized steel sheet
- (2)Pre painted galvanized steel sheet
- (3) Galvalume steel sheet
- (4) Pre painted galvalume steel sheet
- (5) Other metal sheet like aluminum sheet

Advantages

It has many advantages such as easy installation, short construction period, beautiful appearance, light weight but high strength.
